St Andrews Pothole Watch

Outstanding

Ref 0105.1) North St streetlight 47 kerbstones loose & displaced on bus boarder.

Ref 0105.2) Murray Park, road surface breaking up, potholes and loose gravel.

Ref 0105.3) Kinnessburn Road, opposite Lamp 1/outside betting shop, deep long pothole.

Ref 0105.4) Kinnessburn Road, between bowling club and Oldburn Road, several other potholes.

Ref 0105.5)

Kilrymont Place, junction with Kilrymont Road, surface breaking up into small potholes with loose gravel.

Ref 0105.6) South Street, between Bell St junction and zebra crossing, missing metal valve cover in roadway.

Ref 0105.7)

Generally it has been remarked that there is a lot of gravel on the road surfaces around town, increasing the risk of skidding, and particularly inconveniencing cyclists (who tend to travel on the grittier margins) and pedestrians crossing those same margins. All suffer the effects of small pieces of gravel spat out from motorists' and cyclists' wheels.

Ref 0105.8) Buchanan Gardens, below junction with Strathkinness High Road, potholes enlarging.

New:

List: Potholes (40mm/1.5in deep) in the road, damaged pavements (20mm/.75in deep), missing or damaged toby covers, blocked drains, floods, defective streetlights etc.

Identify the location (Street and number on closest house or streetlight for instance).

Hand to Community Council Secretary Pete Lindsay or to Fife Roads Service (c/o St Andrews Fife Council offices).
